

Periplus brings the underwater world to the surface by processing and visualizing data in a proprietary data platform. We focus on supporting and advising the energy sector (Oil and Gas industry, Offshore Wind Farms). Our clients include the major energy companies, hydrographic inspection organizations, Rijkswaterstaat and various other government organizations. Periplus is located in Amsterdam.

Periplus is growing! We are looking for a

HYDROGRAPHIC SURVEYOR

Do you want to travel the world as an independent professional? Do you get energy from executing hydrographic surveys and reporting the results? Are you able to take full responsibility for the quality of your work? Do you want to be supported by a team of highly experienced specialists in this field? Do you have a EU passport or at least a valid permit for working in The Netherlands? This is the job for you! As a Hydrographic Surveyor, you will assist our clients with your knowledge, experience and enthusiasm. We believe that your contribution is invaluable for important decisions to be made. Based on the data that you gathered, among other things, offshore wind farms are being installed and cables and pipelines are being laid on the seabed. Our working area is in The Netherlands, on the Dutch continental shelf but also abroad. You will be running projects all over the world!

Your responsibilities:

- Carrying out Hydrographic surveys on a project basis and ensuring optimum data quality for various clients.
- Installing hydrographic equipment, including the calibration of these systems (survey vessel mobilization).
- Interpreting, processing and reporting hydrographic data according to the applicable standards, procedures and work instructions, resulting in reports for our clients.
- Working together with other teams within the Periplus Group.

Your skills and expertise:

- A degree or equivalent in a relevant subject (e.g. Hydrography preferred) or relevant experience.
- Knowledge of hydrographic survey equipment and data processing and/or GIS software.
- an independent but collaborative work attitude

We offer:

A competitive salary and a complete remuneration package with perks and benefits. You will become part of an inclusive organization, and a dedicated and highly experienced team driven by passion and the ambition to excel and work with our customer base.

Interested?

For further details or to apply for this position, please send your CV and cover letter to: info@periplus.nl.

Acquisition in response to this vacancy is not appreciated.
